This letter is to confirm that the Embassy of Israel in New Delhi had the pleasure of working with Mr. Abhishek Rishikesh Singh of Atma Research and Consulting Services, who designed a dedicated landing page for a cultural project organized by the Embassy in celebration of the Israel Philharmonic Orchestra, conducted by Maestro Zubin Mehta.

Mr. Singh completed the project to our full satisfaction, demonstrating a high level of professionalism, excellent technical and design skills, and a strong commitment to meeting deadlines. The work was delivered promptly and to a very high standard, and we would be pleased to recommend his services for future projects.
